SUMMARY

25X1D

25X1D

Petropavlovsk Headquarters 22d Motorized Rifle Division is located 13 kilometers (km) east of Petropavlovsk-Kamchatskiy (Figure 1).

The installation covers approximately 445 acres and contains 2 administration buildings, 2 administration/support buildings, 4 probable barracks, 55 quarters-type housing units, 16 storage buildings, 1 storage shed, 2 possible vehicle sheds, 29 support buildings, and 6 support/range control buildings. The installation also contains 1 athletic field, 1 parade field, 1 motor park, 1 driver-training circuit, and 1 tank/assault-gun firing range (Figures 2 and 3).

The installation has been covered by KEYHOLE missions of interpretable quality. Comparative analysis of the photography from [REDACTED] indicates that the barracks area was probably constructed prior to [REDACTED] and was positively constructed by [REDACTED]. The barracks area appeared active on all coverage. The only significant change at this installation was the addition of a tank/assault-gun firing range between [REDACTED]. The overall level of track activity has remained constant from light to medium.
